# MM PLASTER MOULDINGS

MM PLASTER MOULDINGS are:

a team of craftsmen  
working in the distinguished tradition  
of decorative plasterwork.

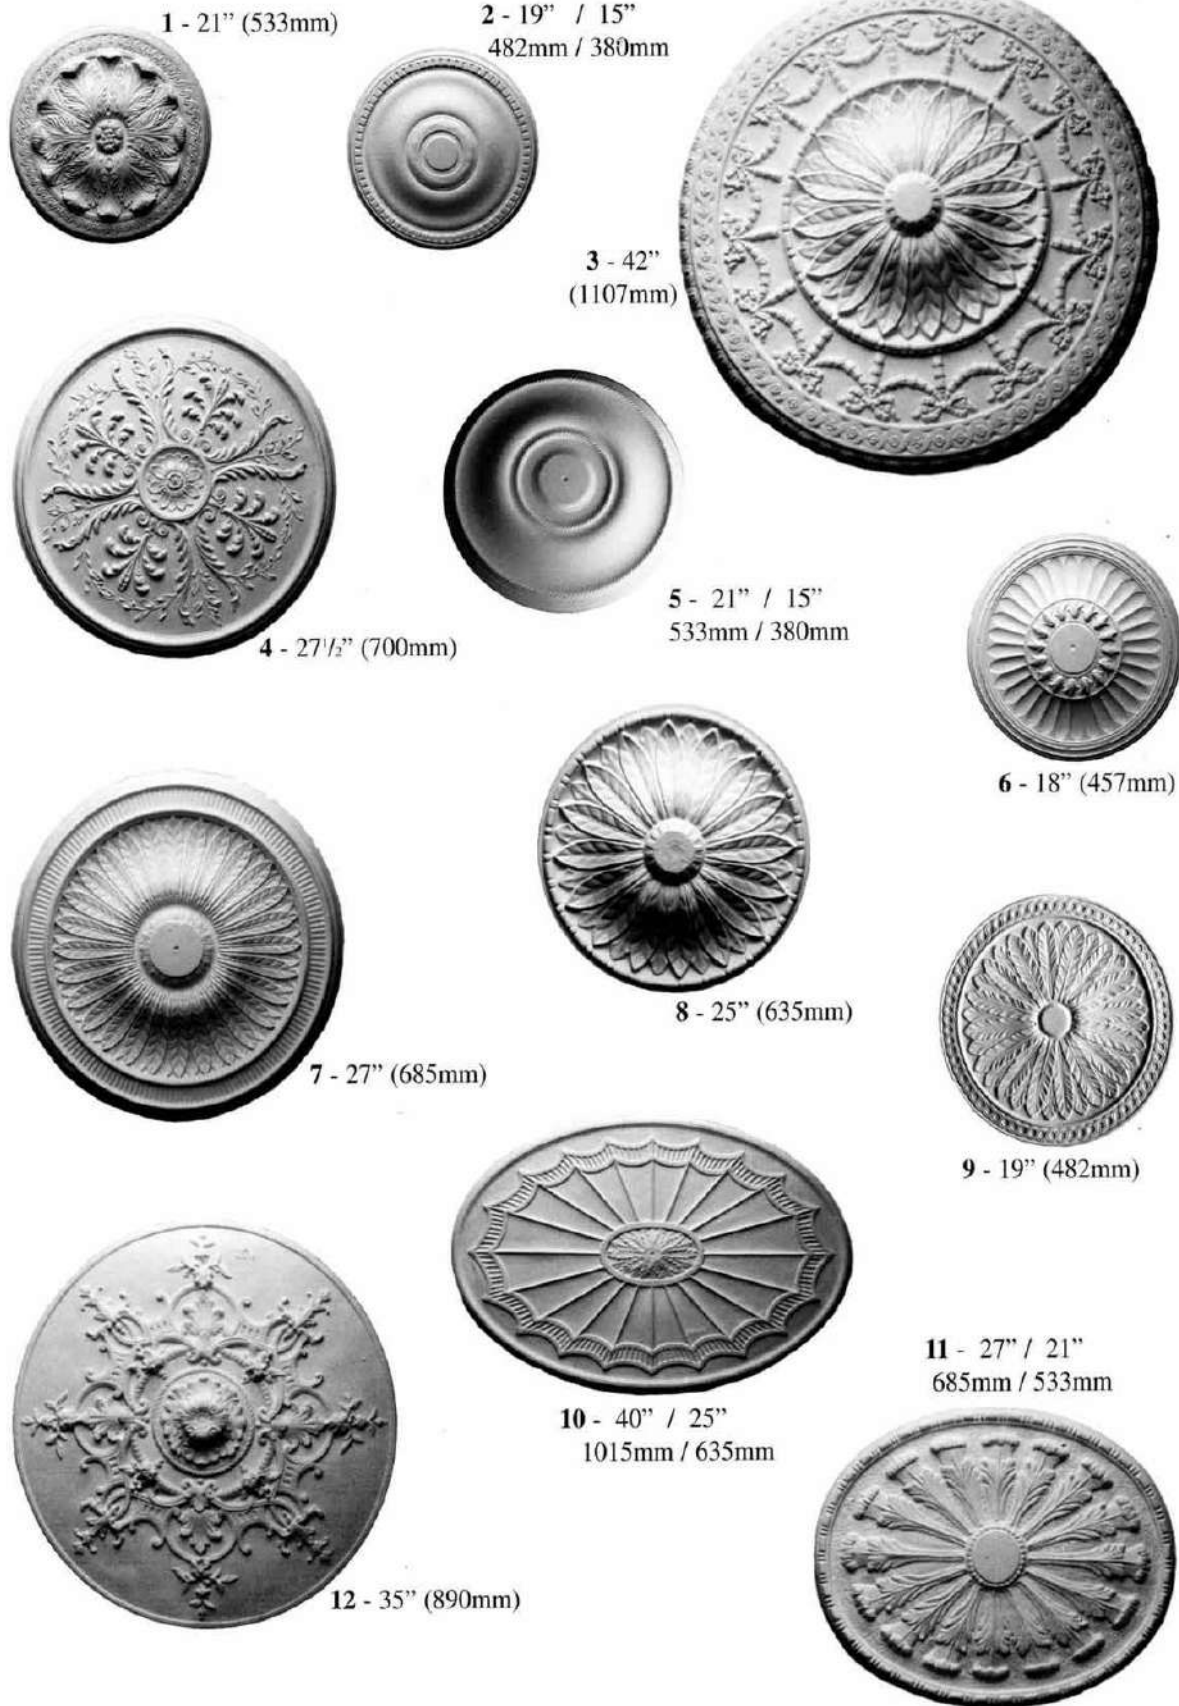

At our workshop we produce mouldings  
of the finest quality ready to add that special touch to  
enhance your home, hotel, pub etc.

Our products are manufactured in fibrous plaster and  
cast from Master Moulds  
and our involvement can be at whatever level you  
choose, from simply manufacturer-supplier up to  
advisor-designer-manufacturer-installer.

We also specialise in restoration work i.e. ceilings and  
cornices in both residential and historic buildings, using  
fine quality plaster we can restore any piece of moulding  
exactly to its original appearance.

External mouldings are also manufactured at our  
workshop especially for window and door surrounds but  
can be made to any specifications  
in GRC.

Any further information can be obtained from our  
Showroom.

## ARCHES

Any size or style of archway can be made to transform a dull basic opening into an elegant feature.

Whether you require a plain arch supported by corbels or a more elaborate archway with columns or pilasters we would be pleased to advise.

*As each archway is unique they are usually made to individual requirements, we would need the measurements as shown here*

H= Height W=Width P=Profile

**1**  
H. 12" (305mm)  
W. 9" (230mm)  
P. 6" (150mm)
